

## Point of Sale (POS) Project Manager

Salary: depending on experience

As the Project Manager / Account Manager you will be working on major development projects, you will be responsible for coordinating internal resources and third parties/vendors for the flawless execution of projects. Your challenge will be to ensure that all projects are delivered on-time, within scope and within budget. In return your ingenuity will be rewarded with the satisfaction of seeing ground-breaking new creations launched in the market, making a real difference.

50% POS development and project management

30% Buying, negotiation and supplier development

20% Interface with workshop, sales, customer services.

As the POS Project Manager, you must be able to demonstrate a breadth and depth of technical knowledge which impacts and aids the cost-effective purchasing and development of innovative point of sale. Develop creative, practical and technically viable POS solutions. Researches complex technical issues and provides the most appropriate solutions with consideration of the company objectives and budgetary implications. Advise clients and team members on technical issues relevant to their work.

About you:

- Proven working experience as a Project manager / Account Manager in the Point of Sale sector
- Experience of in-store installations and hold a current CSCS qualification would be advantageous
- Solid technical POS background, with an understanding of how to read technical drawings
- Excellent client-facing and internal communication skills
- Excellent written and verbal communication skills
- Solid organisational skills including attention to detail and multi-tasking skills
- Strong working knowledge of Microsoft Office and experience of working at an advanced level of Excel
